NETWORK FOR QUALITY EDUCATION

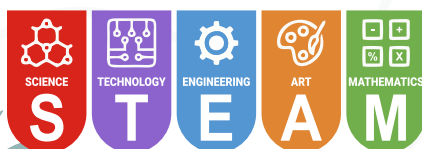

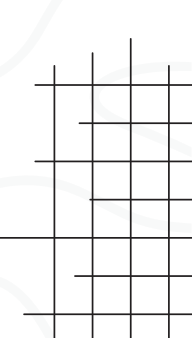

Vision of the Conference

Enhance the quality of early childhood, primary, and secondary education by promoting STEAM education, employability skills, entrepreneurship, green education, and mindfulness to develop multi-talented global citizens equipped with 21st-century skills and spiritual well-being.

To empower educators and educational institutions by providing innovative resources, training, and collaborative platforms that integrate STEAM education, employability, entrepreneurship, green education, and mindfulness—enabling the holistic development of learners into multi-talented global citizens with essential 21st-century skills and nurtured spiritual well-being.

NETWORK FOR QUALITY EDUCATION

Objective of the Conference

To establish international platforms and networks that empower educators—including teachers, principals, and educational leaders—in implementing STEAM education.

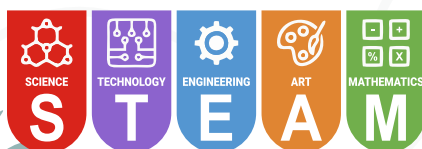

To create global avenues for the exchange of best practices, research findings, and innovative ideas that promote the integration of STEAM education within the school system.

To develop international networks for sharing best practices in fostering employability, entrepreneurship, green education, and mindfulness in schools, addressing the evolving challenges of modern society.

To build global platforms for disseminating best practices, research insights, and innovative strategies aimed at equipping children with 21st-century skills and enhancing their overall spiritual well-being (understood not as a specific religious or spiritual practice, but as the holistic quality of human existence).

To recognize and honor the dedicated contributions of educators for their innovations, research, dissemination of best practices, and unwavering commitment to quality education.

To acknowledge and celebrate the outstanding achievements of schools for their educational leadership, innovation, and contributions toward advancing quality education.
